

Friends of Project 10 Inc.

Project 10 envisions lesbian, gay, bisexual, and transgender (LGBT) students as fully included and affirmed in the public school environment where justice, equality, and respect for all prevail.

We support programs which emphasize nondiscrimination and equality for lesbian, gay, bisexual, and transgender (LGBT) youth. The organization works to assure that public schools are in compliance with state and federal laws regarding sexual orientation and gender identity, and that academic achievement should not be limited by being part of a marginalized social group.

Virginia Uribe, it is impossible to describe the impact of your gentle loving acceptance on the lives of thousands of teens and adults you come in contact with. Your tenacity of conviction and kindness opens hearts and doors wherever you go. I have learned so much from just watching you. You know how to listen better than anyone I know. The quiet way you just show up and get things done - with or without permission. You were the AOC before AOC. Speaking truth to power before power even had the ears to hear. Standing in the light of love with your arms wide open before parents or churches or schools even knew that was all that was needed. Fearless radical acceptance heals. People now, living in liberty that you helped manifest, have no idea what courage it took in the beginning to side with the outsiders. You were one of a kind. A visionary of peace and love in the world. An oasis in the desert for LGBT kids and adults. The love and respect I have for you is immense. May you forever be blessed by the gratitude of all of us who will forever be changed for the better by having met you. ❤️👍🙏🤝
